Dear Colleagues,

Hofstra Law is proud to announce our annual summer study abroad program in Pisa, Italy, which it has offered since 2009 in cooperation with the Scuola Superiore Sant'Anna, Italy's premier research institute. This year students will have the option to enroll in either a 2 week, 3 credit program, **Sunday, May 21 - Saturday, June 3, 2023** or extend their stay for our 5 credit program, **May 21 - Thursday, June 15, 2023**.

The Hofstra Summer Program in Pisa offers an intensive introduction to the domestic and international laws affecting global trade and technology. With a focus on laws regulating technology, data privacy, and international contracts, the Program offers students a one-of-a-kind opportunity to immerse themselves in these important areas of law that affect almost all global businesses. Taught by both U.S. and European law experts, the Program offers students a comparative analysis of the legal and regulatory approaches of the United States to that of the European Union.

Classes take place on campus at Scuola Superiore Sant'Anna, which is an autonomous public university located in the heart of the charming Tuscany region of Italy. Courses will be taught by Professors Miriam Lyman and Giovanni Comandé. Courses to be taught this year include:

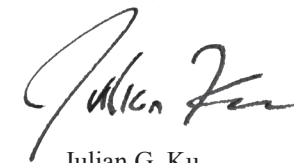

- International Sales Law (2 credits)
- Artificial Intelligence Regulation and Risk Minimization in a Data Driven Society (1 credit)
- Comparative Data Protection Law (2 credits)

This ABA approved program is open to rising second, third, and part-time J.D. students as well as LL.M. students. The application **deadline is Monday, March 27, 2023**.

I would greatly appreciate you passing along this information to interested students.

Thank you in advance for your help and support of international education!

Sincerely,

Julian G. Ku
